

Administration and Finance
Weekly Activity Report
Week Ending: April 25, 2014

- **Greek Week Grounds Activities** – Facilities and Services actively participated in Greek Week. The Greek Community contacted Grounds Manager Bud Jones, to identify community service work that our Sororities and Fraternities could perform to beautify campus. This year their efforts were focused on the entryways into campus. They cleaned/expanded the tree wells along Union, Stewart, and College streets. Additionally they performed landscaping cleanup activities along Espina Street, Cole Village and Sam Steel.

- **ICT helps NMSU meet its SaVE Act Responsibilities** – Working with community colleges, NMSU’s Graduate School, Student Information Management group, Registrar’s Office, Student Affairs and Enrollment Management, and University Accounts Receivable; ICT developed the SaVE/RESPECT student self-service application that was deployed on April 25, 2014. The application is an essential piece of NMSU’s compliance response to the requirements of the SaVE Act that helps eliminate sexual violence at NMSU. We appreciate Enrique Cardenas of ICT’s Enterprise Applications Services group, who was the primary developer of the application. He is credited with the quick turnaround time on the project.
- **NMSU Dining Services** – The Third Floor Bistro at the Danny Villanueva Victory Club hosted a Hawaiian Luau featuring Imu-style Cooked Kalua Pig, Grilled Beef Teriyaki, Fresh Sliced Tropical Fruits, and other luau foods. Over 35 student, faculty, and staff members attended.
- **ICT’s Rob Flora awarded Asprey Award** – Rob Flora is the latest recipient of the Asprey Award, given each quarter to ICT’s outstanding employee. Rob is the kind of “can do” staff member who makes working at ICT a pleasure. He is an important part of the Classroom Technology team and well deserving of the award. The staff of ICT will be coming together to officially recognize Rob on Monday, April 28th at 1:30 pm in room 74 of Milton Hall.

- **A&F Division 2014 Employee Satisfaction Survey** – Employees within Administration and Finance has been asked to take part in an Employee Satisfaction Survey. The survey will gather data to measure perception of the total work environment, work force issues, and employee satisfaction.

- **RecycleMania Results** – NMSU won 4th place in the 8-week RecycleMania tournament out of 256 colleges and universities across North America in the Grand Champion (multi-recyclables) category. Thank you Green Aggies for your participation!
