

New Mexico State University Administration and Finance A&F Weekly Report – Week Ending 5/20/2016

NMSU Firefighters Graduate

Congratulations to NMSU graduates and Student Firefighters Tyler Aguirre and Patrick Armijo!

Tyler was awarded his Bachelor degree in Public Health. Tyler joined the Fire Department in December of 2015. He played for the NMSU Aggies Baseball team as a pitcher from 2012-2015. He has decided to continue his education at DACC to obtain his Paramedic licensure and hopefully one day becomes a career firefighter.

Patrick Armijo received his Bachelor's degree in Management. He graduated as a Crimson Scholar with a triple major in Human Resource Management, Small Business Management, and Managerial Leadership. Patrick has been a firefighter at NMSU since April of 2013. His plan is to pursue a career in the Fire Service. Patrick will be leaving

NMSU's Fire Department in July to pursue his dreams. Currently he is competing for a position with the Albuquerque Fire Department.

Storm Damage

On May 18, 2016, NMSU experienced a 100-year storm event. This caused flooding on campus and created many water intrusion events that the Facilities and Services team addressed very quickly to protect our buildings. The team consisted of personnel from the Custodial, Electric, Grounds, Mechanical, Projects, and Structural Maintenance shops who stayed after hours to clean up. Their display of professionalism hard work during the event was commendable. A claim has been submitted to Risk Management and repairs are being scheduled.

and

Aggie Welcome Orientation

Operations personnel prepared campus for the Aggie Welcome orientation. Grounds reviewed the tour schedule and spent extra time along the proposed routes performing beautification activities. Facilities Maintenance and Custodial have been working on the residence halls preparing for summer conferences, summer check-ins, and the Aggie Welcome Orientation tours.

Housing & Residential Life

The 1st Annual Dorm Food Recovery Program collected 750 pounds of non-perishable food items from dorm residents as they were preparing to leave campus housing. The food items were given to the Food Recovery Network of NMSU for donation to the Casa de Peregrines Food Bank. Housing & Residential Life also partnered with Goodwill to allow students to donate non-food items.

Late Night Breakfast

Last week's Late Night Breakfast was a great success: The Roadrunner Revue energized students with the Aggie Fight Song; Striking the Wonder Dog was a hit with students; Pistol Pete judged the dance contest; Campus Police handed out popcorn; and over 800 students enjoyed games, food and dancing.

Summer Leagues:

Summer leagues are getting started and Summer Youth Golf Camps will begin May 31. To join go to: <http://golf.nmsu.edu/>

Taco Thursday-Players' Grill

Under the direction of Garry Rivera, the new Dining Manager, Taco Thursday at the Players' Grill will be taking on a new look with rolled taco specials, commonly known as taquitos.

Coaching State Champions

Congratulations to Oate High School Girls Softball and their coach for bringing the State Championship back to the south. Fernie Valles, FS Structural Maintenance Technician Lead, is the Varsity Head coach. It is the first State Championship for the softball program. Congratulations Coach Valles and the Oate High School Girls Softball team
