

Hardman and Jacobs Undergraduate Learning Center

A bust of Justin Morrill now resides in the second floor lobby space of the Hardman and Jacobs Undergraduate Learning Center due to the generosity of donors, Dr. John and Dr. Virginia Owens. Justin Smith Morrill (April 14, 1810 – December 28, 1898) was a Representative (1855–1867) and a Senator (1867–1898) from Vermont, most widely remembered today for the Morrill Land-Grant Colleges Act that established federal funding for establishing many of the United States' public colleges and universities. New Mexico State University was founded in 1888 as a land-grant university, so it is with much thanks and appreciation that he is honored here.
