Dear NMSU Supervisor:

In accordance with the federal Patient Protection and Affordable Care Act and New Mexico state law, NMSU provides for reasonable break time for nursing mothers.

A nursing mother will be eligible for reasonable break time to express milk for her nursing child and may take advantage of the breaks anytime she has the need to do so. Supervisors are responsible for securing a clean, private place near the employee’s workspace, other than a bathroom, for the employee to use for expressing breast milk. The Office of Institutional Equity maintains a list of current nursing parent rooms on campus and is able to assist departments in identifying an appropriate space in their building or near the employee’s workspace. They can be reached at 575-646-3635. A link to the Nursing Parent Room Poster is available online at https://benefits.nmsu.edu/leave-holidays/fmla/.

As a supervisor, you are encouraged to discuss with your employees what they expect they will need in terms of frequency and timing of breaks to express milk. Supervisors must work with nursing mothers to identify a mutually acceptable location for the breaks.

NMSU Administrative Rule 8.15 *Compensation Policies* provides for a paid, 15 minute break period during each 4-hour work period. If a nursing mother requires more breaks than policy provides in order to express milk, she will be granted additional break time. Her supervisor may require the nursing mother to use paid leave for break time greater than that provided for in policy.

Please contact Benefit Services at benefits@nmsu.edu or call 575-646-8000 or the Office of Institutional Equity at equity@nmsu.edu or call 575-646-3635 if you have questions regarding this entitlement.
