

Research Community COGNOS Report Announcement
Research Accounting reports re-organized under a new “Research Accounting” section

- External portlet – contains reports created for agency compliance. Reports were previously located under the Administrative tab.
- My Research tab – contains reports created for the Principal Investigator and Research Support staff. Reports were previously located under the Administrative - College/Division, Department and PI tab.
- Performance & Trend Reports tab – contains performance reports with historical trend data for analysis, and forecasting. Reports were only available upon request from Sponsored Projects Accounting (SPA).

‘Portlets’ display reports within a tab or section for ease of management and organization.

Other changes made to reports include, clearer report titles and report purpose, and archiving of older reports. For example, report ‘RA-235A Current Subcontract List’ has now been renamed to ‘RA-SPA-235A Current Subcontract List’.

Contact SPA by emailing spa@nmsu.edu or calling 646-1675 with any questions.
